

PERGRAPHICA®

PAPER FOR PERFECTIONISTS

Perfection is in the details. That's why selecting the right paper should be at the heart of every creative print and packaging project.

PERGRAPHICA® is a full spectrum premium design paper that was made to serve as the perfect, tactile backdrop to your design work and creative communication.

As we experience paper media with all our senses, we developed PERGRAPHICA® in distinctive shades and surfaces to give contrast, depth and texture to your designs. 35 looks to colour your creativity; two feels to touch its heights.

Everything you need to enhance a message by combining sight and touch to add another dimension to a project – providing a closer experience to the beauty being expressed, with precision and perfection.
